PLATINUM BORN

The holiday season is time for giving, so why not choose a present that can give twofold? This year, *Town & Country* has partnered with **Platinum Born** for a special curation of fine jewelry benefitting **Dress for Success**. Twenty percent of the proceeds from the **11 gifts included in the initiative** (purchased through January) will go towards the nonprofit's efforts to empower women around the globe through economic and professional independence.

“This jewelry is made for the modern woman,” says fashion and accessories director Dania Ortiz, who chose these five favorites for their resilience and timeless beauty. “There is an amazing versatility to the Platinum Born pieces—they can seamlessly transition from day to night. But the best part? Their transformative qualities,” Ortiz notes, highlighting the brand’s shapeshifting necklaces and bracelets. After all, these editor-approved gifts were selected to transform the lives of women beyond the just the lucky one who gets to wear it.
